Private Bag X1 Camps Bay

South Africa 8040

Cape Town CBD | Loop Street | Mosque

This wall-sign faces traffic entering the CBD from Buitensingel Street down Loop Street. Loop Street is a one-way double arterial, running all the way from the southern end of the City down through the new Foreshore financial district and CTICC, towards V&A Waterfront and N1 Highway. Particularly busy with commuter traffic in mornings; again at night when the adjacent Long St area comes to life.

LSM: 5 –12

Traffic Count: 600,000 per month
